

# Perceiving Challenges as Opportunities...

To be Your Trusted Value Partner

# Awarded 'Best Value Partner of IBM' in 2005, 2006, 2007, and 2008 in the category of Software Sales & Services.

We at ZenSOFT perceive your enterprise wide IT challenges as opportunities to quickly scale and develop a competitive advantage. We are committed to help propel your business profitability and sustainability by providing end-to-end solutions across the SDLC value chain. Our broad range of services spanning Software Testing, Software Change and Configuration Management, and Enterprise Systems Management, enable an enterprise to significantly optimize IT investments. Our excellent blend of domain and technical experts consult you to take right decisions on technology adoption, implementation, and provide continuous proactive support. Our services are aligned to help you deliver impeccable products and services every time...on time...and on budget!

Our philosophy of proactive 'can-do' approach has helped us become the biggest IBM Value Advantage Plus Partner in a short span. ZenSOFT prides itself to command major market share with its technology leadership.

With recognitions and appreciations coming our way year on year, we continuously endeavor to become a trusted value partner for our clients.

M/s ZenSOFT Services team has exhibited thorough professional approach in providing the solution. Starting from the planning to the environment study, analysis and implementation has been smooth and worth a praise. The technical solution and suggestions provided at various stages had been useful in achieving the objective.
